About Me

I am a dedicated and forward-thinking software engineer with a diverse background in both medical technology and retail audit. As a proactive problem solver and tech enthusiast, I am deeply passionate about leveraging cutting-edge technology to streamline business operations and enhance customer experiences. My unique blend of skills and experiences equips me to bring a fresh perspective to the software engineering domain. I thrive on the crossroads of technology and business and am committed to advancing innovation in this dynamic field.

Skills

- Advanced Computer Literacy

- Python Programming

- Web Development (HTML, CSS, Bootstrap)

- Database Management (MySQL)

- Web Frameworks (Django)

- Version Control (Git and Github)

- WordPress

- MVS

- VSC

- Docker

- NLP

Work Experience

- **Retail Auditor(Contractor)**
  Pernod Ricard South Africa, Retail Auditor for Brandworx(PTY) | Current
  Leveraged software solutions to optimize retail audit processes, contributing to improved brand visibility and sales.

- **Professional Driver**
  Bolt | 2021-2022
  Safely transported passengers, exhibiting excellent navigation skills and maintaining a strong focus on customer service.
